It should be noted that the above is strictly an illustrative list and is not exhaustive.

Where the office of export has, after a period of 150 days from the date of release of the goods for export, received neither an exit results message from the customs office of exit nor satisfactory evidence in support of a claim of exit, it may consider this as an indication that the goods have not left the customs territory of the Union. In such cases, the customs office of export must inform the exporter or declarant and the declared customs office of exit of the invalidation of the export declaration.
