

6.9.2 Authorised Regular Shipping Service

An Authorised Regular Shipping Service is one which carries goods in vessels that ply only between Union ports and does not come from, go to or call at any points outside the customs territory of the Union or any points in a free zone of a Union Port. The shipping company must be authorised by customs authorities. "Regular Service" should not be confused with the term as used by maritime transport operators. Export offices are informed by International, TOR, Transit & Administration Branch, Customs Division, of vessels authorised to operate as Regular Shipping Services out of their port.

6.9.3 Procedures

The procedures for the intra-Union movement of goods by sea on an Authorised Regular Shipping Service vessel are similar to those for goods moving between Member States by road. This means that:

- (a) Union goods will move unhindered and without the need for customs documentation
- (b) non-Union goods are required to move under the Transit procedure. The ship's manifest may be used as the transit declaration. (A separate application is required from operators seeking customs authorisation to allow the goods manifest to be used as a transit declaration.)

Details relating to Authorised Regular Shipping Services and the use of the e-manifest as an electronic Transport Document (e-TD)/transit declaration are available from the Central Transit Office, Customs Division - email - centraltransitofficenagh@revenue.ie

6.9.4 Authorisation - general

An application to become an Authorised Regular Shipping Service is to be submitted to the customs authorities of the Member State in which the shipping company is established. Applications on behalf of Irish established shipping services are to be forwarded to the Central Transit Office, Customs Division.

6.9.5 Application for authorisation

The application must contain the following details:

- (a) The name of the applicant.
- (b) The Union ports concerned.
- (c) The name of the vessel/s assigned to the regular service.
- (d) A description of activities, i.e., the volume of traffic, timetable, turnaround times, etc.
- (e) In the case of part charter arrangements, the names of the part charter.

6.9.6 Granting of authorisation

Authorisation will be granted to shipping companies only where:

- (a) They are established in the customs territory of the Union.
