

Further information can be found in the [Temporary Storage Facilities Manual](#) and on the Temporary Storage section of the [Revenue website](#).

(b) Comprehensive Guarantee

Operators of Temporary Storage Facilities are required to have a guarantee in place in respect of their premises to secure any duties payable. Applications for guarantees should be made via the EU Customs Decision System (CDS). These applications are processed by Authorisations & Reliefs Unit, Customs Division, Nenagh, Co. Tipperary.

Further information can be found in the [Guidance manual for Comprehensive Guarantees](#) and on the Comprehensive guarantee and guarantee waivers section of the [Revenue website](#)

(Article 95 of the UCC refers)

(c) Alterations and repairs to approved premises for export.

All structural alterations and repairs to existing approved premises are subject to approval by the relevant branches, within the National Divisions (Business Division/MED/LCD).

#### 2.3.4 Other approved places for temporary storage

Other approved places for Temporary Storage (i.e., a quay, pier, etc.), at which goods are permitted to be landed or shipped will require the prior consent of Revenue. They will be approved in exceptional circumstances, e.g., to facilitate the discharge of dirty or dangerous cargoes, or the discharge or loading of a ship unable to berth at an existing approved place. Written application must be made, to the relevant local officer, well in advance by persons seeking permission to load or discharge cargo. The application should normally be accompanied by a professional architectural drawing of the site. This requirement may be waived where, due to the age of the facility, a professional architectural drawing is not available, and in such circumstances, a suitably accurate sketch may be accepted. The application with supporting documentation should be referred to [Authorisation and Reliefs Unit](#), Customs Division, Government Buildings, Nenagh, Co. Tipperary for approval.

## 2.4 General obligation to lodge export declarations in advance.

A customs declaration is required for all exports to non-Union countries and to certain non-fiscal areas of the EU. Union legislation requires that an export/re-export declaration containing specific data items relating to safety and security requirements must be lodged in advance of an export movement. The exact time of lodgement depends on the nature of the cargo and the means of transport.

The export / re-export declaration must be lodged electronically. In addition, it must contain the particulars laid down for such declarations in the [revised Annex B](#) and the EU Customs Data Model ([EUCDM](#)).
