

The lodgement of a combined presentation notification and temporary storage declaration is not required and prior notice of arrival or the maintenance of records of arrivals is no longer required.

Systematic attendances for clearance of intra-Union flights will not normally arise but particular consideration should be given to possible breaches of prohibitions and restrictions (particularly drugs) and arrangements made for an appropriate level of checking having regard to the risks involved.

The following material is either exempt from or not required to be published under the Freedom of Information Act 2014.

[...]

5.4.2 Baggage

The baggage of persons arriving on an intra-Union flight by a tourist or business aircraft is not to be subject to any Customs controls except for selective checks carried out in the particular circumstances set out in [Baggage Control Examination Manual](#).

5.4.3 Boarding of aircraft used in intra-Union traffic

The boarding of aircraft used in intra-Union traffic is to be performed in such manner as not to impede the free movement of goods and discharge of cargo. Arrivals at Customs Airport

5.5.1 Customs airports

There are three Customs airports in Ireland:

- Cork Airport.
- Dublin Airport.
- Shannon Airport.

An area has been set apart at each airport as an examination station in which all goods must be immediately deposited on being unloaded from aircraft. Secure Temporary Storage Facilities have also been approved at each airport.

Limited customs facilities are also provided at certain other airports and licensed aerodromes (see [paragraph 5.6](#)).

5.5.2 Account of arrivals

An account of all arriving aircraft engaged in third country traffic must be available at the Customs airport. This account may be provided by the airport authority or may
